After breakfast, gather at your hotel for the transfer to Subiaco. Enjoy the scenic drive as you travel approximately 90 km. Upon arrival in Subiaco, head to the Monastery of the Holy Speco, founded by St. Benedict in the 6th century. For here is enshrined the very cave in which the young Saint Benedict of Norcia lived as a hermit, following the example of the Desert Fathers. Continue to Anagni (around 45 minutes) and enjoy a half-day sightseeing tour of the Palazzo di Bonifacio VIII, which was the residence of Pope Boniface VIII. Also visit Cattedrale di Anagni (Cathedral or Santa Maria) marvel at the beautiful frescoes in the apse which depict biblical scenes from the 13th century. The cathedral is often referred to as the "cradle of the papacy". Along the centuries, this Cathedral has been visited by famous Doctors of the church such as San Tommaso d'Aquino, Sant'Alberto Magno, San Bonaventura e frate Bertrando da Baiona. It is also the place where in 1255, Alessandro IV canonizes with solemn ceremony Saint Clare of Assisi. Transfer back to Rome for dinner at hotel or local restaurant

Two popes were buried in the Cathedral: Pope Alexander IV (1199 - 1261), who fled to Viterbo fearing capture by Manfred of Sicily, whose tomb has been lost, and Pope John XXI (1210 - 1277). The tomb is still visible at the bottom of the left aisle. In May 2000 a special honorary tomb was placed in the same cathedral, at the wish of John Paul II. ## DAY 10 MONDAY 22 SEPTEMBER 2025

Breakfast at the hotel.

Meet our guide for a full-day tour of Assisi. We begin with a visit to the Basilica of St Clare, the founder of the Poor Clares and a close companion of St. Francis. In the Basilica, the relics of Saint Clare are kept. From behind a grate you can venerate the mortal remains of St. Clare, enclosed in a relic-body, which lies on a raw wooden board inside a crystal and stone urn of Subasio. Inside the Convent annexed to the Basilica, it is also possible to admire The Crucifix of San Damiano, which was transferred by the Clares to the Protomonasters of Saint Clare in Assisi, where it is still admired today, when, in 1257, they moved it from the church of San Damiano. It is the Crucifix before which Saint Francis prayed in 1205, receiving his call to work for the Church of the Lord. He first interpreted the voice of Christ as a request for the physical restoration of the church of San Damiano and only gradually understood that the Lord was calling him to work for the whole Church. After this visit, on to the Basilica of St Francis, a UNESCO World Heritage site and one of the most important pilgrimage destinations in the world. Discover the Lower and Upper Churches, adorned with breathtaking frescoes by artists like Giotto and Cimabue.

Learn about St. Francis's life and teachings, and visit his tomb located in the crypt. At the Church of the Basilica where the altar was erected on the tomb of the saint, on 19 November 1585, the Franciscan pope Sixtus V, with the bull *Supernae dispositionis* established the Archconfraternity of the Cordigeri. In 1754 Benedict XIV elevated it to the dignity of patriarchal basilica (since 2006 "papal basilica") and papal chapel. After lunch at leisure, visit San Damiano church, where St. Francis received his calling from God. We finish at the Tomb of Blessed Carlo Acutis, a modern-day youth known for his deep faith and love for the Eucharist. If time allows, conclude your tour at the Eremo delle Carceri, a serene hermitage located in the nearby woods. The Eremo delle Carceri is an ancient hermitage where Saint Francis and his companions went to dedicate themselves exclusively to prayer.
